(Regd.No.192/2019) Serving The Deserving Through
Annadanam – A great opportunity to follow the footsteps of
Bhagawan Sri Shirdi Sai Baba

Saibaba would visit only five homes to seek Bhiksha. Baba used to put the food so collected in an earthen vessel. All the creatures ... the dogs, cats, birds would eat the food from that pious earthen vessel. As the very purpose of collecting the food is served, baba would not raise any objection. The women who used to clean Dwarakamai would take 10 to 12 rotis without any hesitation and inhibition. Baba never stopped them from doing so.

Baba had with him two huge vessels to cook food. Baba used to buy the required groceries and would cook and serve delicious food to the poorest of the poor through his hands.

On a fine day, Baba told his ardent devotee Lakshmi Bai that he was hungry. It took no time for Lakshmi Bai to prepare a few rotis and a curry. The moment the food is served, Baba gave it to a dog which was loitering around. Lakshmi Bai was a bit unhappy and said "Baba...you have asked to fill your hunger, but you have given the food away to the dog"

Baba replied "the hunger of any creature (including the dog in question) is my hunger. I am omnipresent and am the living soul in every creature. Satisfying the hunger need of any creature implies a wholehearted submission of Naivedyam/Bhog to me." Baba's message is as clear as this "Provide food and clothing to all and sundry" This is how baba taught the importance of Bhikshatana, Annadanam and Charity.

Annadanam is the only way to show our affinity and getting closer to Baba. This pious path would help us in attaining salvation.
